

RC Safety Hi-Lo Bed

Fall Prevention Bed

A fall prevention intervention meeting the highest standards

Minimizing risk of patient falls can save a facility thousands or even millions in costs and improve the standard of care. The RC Safety Hi-Lo Bed lowers to under 8" and has total lock and steering lock casters to allow for easy bed movement and facilitate patient transport. Unlike most hi-lo beds, the RC Safety Hi-Lo bed can roll at any height making it safer for the caregivers to move throughout the facility.
